

# StripPoint

## Wireless Li-Ion Battery Batten 1metre W-DMX CORE Lighting Limited

Lightweight lithium battery powered LED batten/strip with Wireless DMX Control and 72-channel pixel-mapping, rated for outdoor use (IP65). Very bright 4000lumen output over 1m length will light up large panels, 4 to 5 storey buildings plus creation of effects on 18 x RGBW cells.

Internal battery recharges in 6hrs in 4-way flight case. Designed & manufactured in UK.

### Key Benefits

- Very fast setup and de-rig for events
- Outdoor rated IP65
- No mains or data connection wires for a safer environment
- Will light 4-5 storeys using 18 x high brightness LED quad chips incl. neutral White
- Internal effects engine with built-in effects plus DMX control of 72 channels
- Recharge in 6 hours (>95% charge) & very lightweight 6.5Kg using Li-Ion Battery
- Operates from internal battery or mains power 100-240V, 50-60Hz
- Control Slaves from a Master StripPoint wirelessly with WDMX or cabled DMX
- 4-way charging flight case (68Kg loaded)
- Battery life exceeding 8 hours on maximum output dual colour or effect function
- Designed and manufactured in the UK

*18xRGBW Cells individually controlled*

### Portability & Simplicity

Wireless DMX selectable Master or Slave - or simply connect to a WDMX enabled desk

Internal programs, cable DMX in/out & flicker-free PWM mode for TV

Withstands the worst of weather outdoors with CORE's unique case design

Easy flight case recharging for effortless warehouse turnaround & site deployment

Various foot options for floor mounting or fast hanging.

DMX & Power In/Out  
on case ends

Case design allows multiple units to be placed end to end with no gaps in LED

### Typical Applications

- Easily change the colour of a wall with light
- Hotel & venue conference rooms
