core
LIGHTING

**Wireless Battery Powered 46W
Uplighter Outdoor Use, WDMX &
Wireless APP / Remote control**

Simple and low-cost uplighter with lithium ion battery power, wireless setup, cable-free operation and capability to work outdoors with IP65 rating. The units are lightweight, small and very discrete with their unique CORE trademark styling.

For enhancing function rooms, adding a splash of colour to buildings up to 3 storeys, exterior and tree lighting and other artistic lighting from a small but powerful unit.

The units feature 2 x 23Watt RGBW quad colour LED arrays, running for 15 hours at full power. With Wireless DMX control for unit control from a lighting console and built in App control to operate from CORE's App and new wireless handheld remote control.

Made in UK

Benefits

- High intensity 15deg RGBW LED beam for lighting up to 3 storeys
- Outdoor rated IP65 for outdoor use
- Small and simple to use for non-technical users; display on top for ease of setup
- Effortless internal tilting head with straightforward knob adjustment
- Lightweight 1.7Kg and easy to hang with screw fitting in the base
- Aesthetically designed cylinder 'CORE' styling to complement exclusive venues
- UK manufactured & supported with quality reliability and brand reputation

Light Head (Mk2 Upgrades)

- 1500lumen/46W output from dual quad chip RGBW arrays with 5kHz TV flicker free
- Easily tilt to 15deg with stable body using simple turn knob and internal mechanics
- 15deg beam angle with diffuser holder accessory to increase beam width

Power

- Powerful Lithium Ion internal battery lasts 15hrs on full brightness
- Charges individually, in 6-way or 12-way charging flight case or 4-way Bag
- May be individually powered from 24V PSU into base (available separately)
- 46W dual LED arrays/25W power consumption during charging

Control

- In-built 63 Lee filter plus custom colours; 6 colour chase sequences
- Wireless DMX Slave for lighting desk control with 1 Master/Slave per case for control between units
- Wireless Solutions W-DMX® (& CRMX) for compatibility with full CORE range and most professional wireless lighting desks
- W-DMX optional on bag version
- Integral separate wireless for app control from mobile & new remote control
- Firmware upgrade using WiFi for future software releases

Mechanical

- Weight only 1.7Kg (without shroud); Dims 230.5mm (h) x 133mm (dia)
- Hanging point in base - M10 thread for use as downlighter/spotlight
- Charging cases/bags:
 - 6-way: weight 35Kg; 580 (l) x 390 (w) x 485 (h)
 - 12-way: weight 52Kg; 730 (l) x 560 (w) x 493 (h) [1/4 truck pack]
 - 4-way bag: weight 9Kg; 350 (l) x 310 (w) x 250 (h)

Accessories

- Order cover shrouds in mirrored stainless or powder coated custom colours
- Lens Mount & Diffusion Lenses
- Hanging clamp to hang from truss, marquee tent frames etc.
- Handle to mount on pipe & drape stands

ColourPoint Mini Bag & case charge 4 or 6 units
